AGES OF ANXIETY: HISTORICAL AND TRANSNATIONAL PERSPECTIVES ON JUVENILE JUSTICE (HARDBACK)

New York University Press, United States, 2018. Hardback. Condition: New. Language: English. Brand new Book. Six compelling histories of youth crime in the twentieth century *Ages of Anxiety* presents six case studies of juvenile justice policy in the twentieth century from around the world, adding context to the urgent and international conversation about youth, crime, and justice. By focusing on magistrates, social workers, probation and police officers, and youth themselves, editors William S. Bush and David S. Tanenhaus highlight the role of ordinary people as meaningful and consequential historical actors. After providing an international perspective on the social history of ideas about how children are different from adults, the contributors explain why those differences should matter for the administration of justice. They examine how reformers used the idea of modernization to build and legitimize juvenile justice systems in Europe and Mexico, and present histories of policing and punishing youth crime. *Ages of Anxiety* introduces a new theoretical model for interpreting historical research to demonstrate the usefulness of social histories of children and youth for policy analysis and decision-making in the twenty-first century. Shedding new light on the substantive aims of the juvenile court, the book is a historically informed perspective on the critical topic of youth, crime, and justice.
